<sup>3</sup> The Alerian Midstream Energy Select Index is a composite of North American energy infrastructure companies engaged in the pipeline transportation, storage, and processing of energy commodities.

<sup>4</sup> Effective April 30, 2017, the ALPS/Stadion Tactical Defensive Portfolio changed its name to the ALPS/Stadion Core ETF Portfolio.

<sup>5</sup> Effective April 30, 2017, the Portfolio changed its primary benchmark from the S&P 500<sup>®</sup> Index to the S&P Target Risk<sup>®</sup> Growth Index. The S&P Target Risk<sup>®</sup> Growth Index seeks to provide increased exposure to equities, while also using some fixed income exposure to dampen risk.

<sup>6</sup> The Stadion Secondary Benchmark is a blended benchmark consisting of 80% S&P 500<sup>®</sup> Index/20% Bloomberg Barclays U.S. Aggregate Bond Index.

<sup>7</sup> Effective April 30, 2017, the Portfolio changed its primary benchmark from the S&P 500<sup>®</sup> Index to the Morningstar Moderately Aggressive Target Risk Index. The Morningstar Target Risk Index family is designed to meet the needs of investors who would like to maintain a target level of equity exposure through a portfolio diversified across equities, bonds and inflation-hedged instruments. The Morningstar Moderately Aggressive Target Risk Index seeks approximately 80% global equity exposure.

<sup>8</sup> The S&P 500<sup>®</sup> Index is a large cap U.S. equities index that includes 500 leading companies and captures approximately 80% coverage of available market capitalization.

<sup>9</sup> The MSCI World Index is a market capitalization weighted index composed of companies representative of the market structure of 23 developed market countries in North America, Europe and the Asia/Pacific region.

<sup>10</sup> The Red Rocks Global Listed Private Equity Index is designed to track the performance of private equity firms which are publicly traded on any nationally recognized exchange worldwide. These companies invest in, lend capital to, or provide services to privately held businesses. The Index is comprised of 40 to 75 public companies representing a means of diversified exposure to private equity firms.

<sup>11</sup> What You Pay reflects the Adviser's decision to contractually limit expenses through April 29, 2019. Please see the prospectus for additional information.

An investor cannot invest directly in an index.

### Important Risks

An investment in the Portfolios involves risk, including loss of principal.

Asset allocation cannot assure a profit nor protect against a loss.

**Performance data quoted represents past performance. Past performance does not guarantee future results. Investment return and principal value of an investment will fluctuate so that an investor's shares, when sold or redeemed, may be worth more or less than the original cost. Current performance data may be higher or lower than actual data quoted. For the most current month-end performance data please call 1.866.432.2926.**

**An investor should consider investment objectives, risks, charges and expenses carefully before investing. To obtain a prospectus, which contains this and other information, please contact your investment professional. Read the prospectus carefully before investing.**

The performance shown here does not reflect the impact of costs associated with variable contracts, qualified pension and retirement plans or registered and unregistered separate accounts which when deducted will reduce the return figures shown.

Shares of the Portfolios are offered only to participating insurance companies and their separate accounts to fund the benefits of Variable Contracts, and to qualified pension and retirement plans and registered and unregistered separate accounts.

The Morningstar ETF Allocation Series Portfolios are not Exchange Traded Funds (ETFs), instead they consist of five risk-based asset allocation portfolios that invest in underlying ETFs, which are typically open-end investment companies or unit investment trusts.
